Why We Do What We Do

At Friends of the Orphans Canada (FOTOCAN), we believe that every child deserves the chance to grow up in a safe, loving, and supportive environment.

Across Latin America and the Caribbean, many children face daily challenges that limit their access to basic needs like housing, healthcare, nutrition, and education. We exist to change that.

How We're Making a Difference

- Housing – Loving, stable homes for healthy and safe environments
- Nutrition – Balanced, delicious meals nourish both body and spirit.
- Healthcare – Regular check-ups and medical care for children
- Education – Academic and skilled-trade programs
- Family Strengthening – Our outreach services help families stay together and support one another with dignity and hope.

How Your Support Helps

Your sponsorship makes a tangible difference. Every dollar raised provides food, shelter, healthcare, and education for a deserving child.

Together, we're breaking cycles of poverty and offering a chance for sustainable success. When you give, you're not just donating—you're investing in lives, and in a future where every child has the opportunity to dream, learn, and grow

About the Gift of Hope Gala

Lighting the Way Toward Brighter Futures

Now in its second year, Friends of the Orphans Canada brings its annual event, with a renewed spirit and a new home. This year we invite you for a sit down dinner, that will take you on an immersive journey that celebrates the heart of Latin American culture and the incredible youth supported by Friends of the Orphans Canada through our partner Nuestros Pequeños Hermanos (NPH).

Through storytelling, latin infused entertainment, and shared moments of reflection, the evening brings to life hope and possibility for children whose lives are being transformed through access to safe housing, education, healthcare, and family connection programs. Every detail is designed to honour the spirit of giving, reminding guests that hope shines brightest when we share it. Together, we'll light the way toward brighter futures!
